David Hockney RA: A Bigger Picture

In the first major exhibition of new landscape works by David Hockney RA, the Royal Academy of Arts showcases vivid paintings inspired by the East Yorkshire landscape. These large-scale works have been created especially for the main galleries at the Royal Academy of Arts.

'David Hockney RA: A Bigger Picture' spans a 50 year period to demonstrate Hockney's long exploration and fascination with the depiction of landscape. The exhibition includes a display of his iPad drawings and a series of new films produced using 18 cameras displayed on multiple screens, which will provide a spellbinding visual journey through the eyes of David Hockney.
